Public consultation During the public consultation on coastal access, we will publish proposals on the internet. We will contact you when this happens, directing you to our website and inviting you to comment on them. You will be able to download or print the proposals. Copies will also be available in local libraries, council offices and tourist information centres. When we have identified a proposed route we could send a paper copy of the report to <u>people who might be directly affected</u> if you specify that preference below. <i>*I would like to view the proposals on the internet</i> <i>*I would like to receive a paper copy of the proposals.
